Diesel Technician Hans' Freightliner of Cleveland

Description

For over 45 years, Hans' Freightliner of Cleveland, A locally owned Freightliner dealership servicing the Northern Ohio area, has been providing its customers with exceptional parts, service and sales support of the Freightliner family of products.

We are currently seeking self-motivated, high-energy Diesel Technicians, for both day and night shifts.

Responsibilities:

- Perform quality repairs and maintenance on all heavy & medium duty diesel engines as specified by manufacturer.
- Accurately complete all paperwork including repair information on all work orders via computer system

Requirements:

- High school diploma/GED preferred.
- Minimum of 2 years' experience in a medium/heavy truck fleet, dealership or shop environment.
- Possess own tools to perform work on all systems on diesel equipment.
- Ability to multi task.
- Good computer, written and verbal communication skills.
- Must be able to work unsupervised and be able to lift items in excess of 50 lbs., unassisted.
- Ability to systematically analyze and troubleshoot diesel engines and commercial truck systems.
- Knowledge of A/C systems, brake systems, emission systems, air systems and diagnostic/trouble shooting of diesel engines.
- Must have valid driver's license.
- Commercial driver's license or willingness to obtain a CDL is a plus but not required.
- Must be able to pass a pre-placement drug test, and, submit to yearly random drug testing.

We have an excellent benefit package which includes:

- Health, vision, dental, life, accident, and short term disability insurance.
- 401K, with employer match.
- Holiday, vacation and sick pay.
